FLIRTATIOUSLY FRESH

The new Expressions by Mateus is a contemporary and easy-to-drink wine made from a blend of an indigenous Portuguese grape variety, Baga, and the international grape variety, Muscat.

A classic Rosé flavor delivered by the Muscat gains a distinctive complexity from the dominant and intensely aromatic Baga variety. The result is a new sensual experience unique to other Rosés.

VARIETY

Baga (90%)

Muscat-à-Petits-Grains (10%)

TASTING NOTES

A pink blush-colored, medium-dry wine with an intense floral aroma, notes of tropical fruit and a well-rounded and elegant finish.

The Portuguese Baga variety found in Expressions by Mateus has been called "the yahoo grape" by wine connoisseur Bill Zacharki, for its boisterous aromatics, refreshing acidity, and potent tannins.

"It really can be a lot of fun to drink."

Modern wine drinkers sip Rosé year round, contributing to its incessant and growing popularity.
