WINEMAKING

Vinification follows the traditional method for white wines and fermentation is carried out slowly, with no skins, in stainless steel vats at 16°C controlled temperature. Fining is followed by cold-stabilisation, after which the wine is filtered and bottled. The whole process is done with extreme care, so as consistently to ensure Mateus unique style, colour and freshness.

STORE

The bottle should be kept in a dry and cool place, sheltered from light.

SERVE

Mateus Rosé Original should be served chilled in a flute or in a tulip-shaped red-wine glass. Serve ideally between 6°C-8°C.
